

Open Class Demonstrations Schedule:
Toyota Events Center
July 8-12, 2024
At 1:00- 2:00 PM Monday-Friday

Monday- Pressure Canning Basics

Tonya Short, Purdue Extension Knox County

This session includes: canning basics, food safety guidelines for home canning, where to find trusted resources, and lecture, discussion, and handouts. Pressure canner dial gauge testing will be available after the program for a \$5 fee per gauge.

Tuesday- DIY Healthy Snacks for Kids

Angie Ray, Purdue Extension Gibson County and Diane Hornby, Gibson County Health Department.

While supplies last, kids can learn how to make healthy snacks while learning nutrition fundamentals through fun and games. Free milk provided by Prairie Farms.

Wednesday- Quilting Basics

Ann Georges and Rita Hirsch, Indiana Extension Homemakers Gibson County

Learn quilting basics: hand stitching, patterns, piecing, binding, borders and batting. Visitors can practice quilting on a loom.

Thursday- Why Wool is Good for Ewe

Diana Christie, Little House of Yarn

Discussion of different types of wool, wool care, local vs. international wool, stitches, and display completed garments.

Friday- Flower and Plant Demonstration

Tonya Meade, SheShed Surplush

Plant and flower demonstrations including planting, propagating, and flower arrangement.
